

BESELT 2 FT CHAIR

Model Number : B-2 (With Recycled Plastic), BAL-2 (All Aluminum)

DESIGNER NOTES

One good turn deserves another, and the Beselt Chair is the one! When space is a challenge or there is just that perfect spot for one seat, this 2-ft version of the big guy is a great addition to outdoor social spaces. Create a 'living room' by adding a Beselt Chair or two, to a grouping of benches; the variations abound. The Beselt Chair is also a comfortable seat for a good book read or a spot where a solitary person can enjoy a quiet moment taking in the view. The sturdy bolt-together frame makes it easier to ship, assemble, and parts can be easily replaced in case of damage. Aluminum construction with either all metal or recycled plastic seating and backrest boards makes it easy and light to move in portable applications when social distancing demands it or where flexibility is necessary or desired. Is one a lonely number? No way!
